

EHC LED 360 Bulbs provide 360° distribution while dispersing clean and even light. These LED bulbs are built with an efficient, heat dissipating design and integrated active cooling technology in the higher wattage bulbs to ensure a long lasting lifespan. They save on average 50-60% on electrical usage and do not require the use of a ballast.

EHC LED 360° Bulbs are great for wall packs, bollards, decorative post top lights, can lights, low bay fixtures, parking lot fixtures, and more. These Eco-friendly bulbs contain no Mercury eliminating the disposal fees of traditional bulbs. Upgrade your lights today and save!
