

Energy Harness® LED Wall Pack fixtures are a modern solution for upgrading your outdoor security lighting. These LED wall packs are great for replacing existing fixtures or adding extra light where it is needed. With a removable bracket that mounts to an electrical box, these fixtures are designed for quick and easy installation. With reduced energy usage compared to traditional lighting and zero maintenance needed, these fixtures save time and money!

Energy Harness® LED Wall Pack fixtures are great for lighting doorways, walkways, alleys, parking lots, parking garages, sidewalks, stairwells, and more. These fixtures provide bright white light and excellent distribution for improved security. Upgrade your lights today to save!
